Subject: Division Directive, Lakeview Rock Products, Thomas Pit, M/011/0002, Davis County, Utah

Dear Mr. Hughes:

The Division of Oil, Gas and Mining has received multiple complaints from citizens in a residential development adjacent to the Thomas Pit regarding blasting. The blasting reportedly rattled and possibly damaged their houses.

You are hereby directed to contact the Division prior to any future detonation of explosives, to schedule a meeting to discuss options to remedy this situation. Please contact Vicki Southwick, Executive Secretary, at (801) 538-5304 to arrange a meeting with the Associate Director to resolve this matter. Your failure to respond accordingly may result in the issuance of a formal Notice of Violation or Cessation Order which could require an immediate suspension of mining operations.

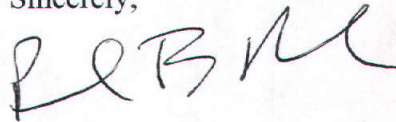

The Thomas Pit Notice of Intention to Commence Large Mining Operations, approved on December 13, 2006, states on page 12, paragraph 2:

"6.5 Proposed Mitigation If residential development occurs east of the pit, safety requirements could increase for people as well as wildlife. Lakeview Rock Products will work with future developers and landowners of adjacent property to insure the site is sufficiently secured to protect both parties . . ."
